

# KONSTANTIN CHERNYSHEV

## NLP Researcher and Engineer

@kdchernyshev+job@gmail.com

📍 Saarbrücken, Germany

in kdchernyshev

🔗 k4black

## EXPERIENCE

### NLP Data Scientist

📅 Jan 2022

🌐 EPAM Systems, Serbia

– Sep 2022

- Trained an unsupervised model for support ticket trends over time;
- Implemented a processing team predictive model, improving ticket processing efficiency by ~10s seconds per ticket for 100k tick./year.

Python FastText SkLearn PyTorch HuggingFace PyTest Docker Jenkins

### Python Course Head, Lecturer

📅 Jan 2021

🌐 Yandex School of Data Analysis, Russia

– Present

- Led an Advanced Python course for 300-500 students yearly;
- Managed a team of 9 people, planning, review, tech supervision;
- Conducted lectures on 'Packages and Modules', 'Rust-bindings';
- Boosted assignment-checking system (e.g 6x acceleration).

Management Python Teaching Docker PyTest Gitlab-CI Github-Actions

### Research Engineer, Project Manager

📅 Apr 2020

🌐 Gorky AI (startup), Russia

– Jan 2022

- Managed 2-4 developers per project, liaising with clients;
- Introduced Align flow, CI/CD, code reviews, improved teamwork;
- Developed a high-loaded 'roads quality' model on sensors data;
- Designed and developed a solution for scanned document analysis, trained a high mAP (~0.94) CV model for tables, imgs, and stamps.

Python PyTorch HuggingFace SkLearn PyTest ONNX Docker Gitlab-CI

### Research Intern

📅 Apr 2019

🌐 LATNA Lab at Higher School of Economics, Russia

– Jan 2021

- Conducted research on Compressed Sensing with l1 and l0 norms, resulting in a near SoTA recovery algorithm with faster convergence;
- Created Abstractive Summarization model using Knowledge Graphs.

Statistics Python HuggingFace CoreNLP SkLearn SciPy

## EDUCATION

### Master of Science (NLP)

📅 Sep 2022

🌐 Groningen & Saarland Unis., Netherlands & Germany

– Present

Erasmus Mundus "Language & Communication Technologies";  
GPA: 8.7/10 (ongoing) +Assistant at Language Technology Project;  
Thesis on Mechanistic Interpretability for LLM pruning.

### Post Graduate 2-year Program (Data Science)

📅 Sep 2019

🌐 Yandex School of Data Analysis, Russia

– Jul 2021

Top Russian Data Science program with 3% acceptance rate;  
GPA: 8.9/10; +Assistant at Python Course.

### Bachelor of Science (Applied Math and CS)

📅 Sep 2017

🌐 Higher School of Economics, Russia

– Jul 2021

GPA: 9.1/10; +Assistant at Algorithms and Data Structures.  
Thesis on Abstractive Text Summarization Knowledge Graphs.

## SUMMARY

Passionate Researcher with 5+ years of experience, now doing XAI & LLM Compression

- BaSc with Honors in HSE, Russia, MsA Erasmus Mundus LCT till 2024;
- 6+ years of programming experience;
- 5+ years of Data Science Research experience in Startups, Yandex DS School, EPAM, and JetBrains;
- Finished 8+ ML research projects.

## SKILLS

### • Data Science

NLP DL XAI Pruning Compression  
Speech Processing CV RL

### • Frameworks

HuggingFace PyTorch SkLearn  
Tensorflow NLPCore TorchText

### • Programming Languages

Python Rust C++ CUDA GoLang

### • Development Tools

git Docker Neptune.ai GitLab-CI  
GitHub-Actions Ansible ONNX

### • Languages

Russian English German Serbian

## PUBLICATIONS

- *🌐 LCT-1 at SemEval-2023 Task 10: Pre-training and Multi-task Learning for Sexism Detection and Classification* [accepted, ACL-2023 workshop];

## ACHIEVEMENTS

- Erasmus Mundus Scholarship 2022-2024;
- Placed 2nd at Moscow State hackathon "Digital Transformation 2021";
- Honours Bachelor's degree in CS;
- Largely improved Python course at YSDA, Top-1 by students' rating;
- Finished YSDA - Master's-level Data Science program, 3% acceptance rate.

## PERSONAL

Cheerful and sociable person, keen on slackline and juggling, love music making creativity and strive to master a guitar.

Music Production Juggling Slackline
